The screenshot displays a web application interface with a window titled "JB UpdateUserView". At the top, it indicates "Logged in: adam". The form contains the following fields and controls:

- Full Name:** A text input field containing "Adam Smith".
- Password:** A password input field filled with asterisks.
- Username:** A text input field containing "adam".
- User ID:** A section with four radio buttons: "Cashier", "Customer", "Manager" (which is selected), and "Admin".
- Update User:** A blue button to submit the form.

Overlaid on the bottom right of the main window is a smaller "Message" dialog box. It features an information icon (a lowercase 'i' in a circle) and the text "Password changed successfully!". An "OK" button is located at the bottom of the message box.

The image shows two overlapping Java Swing windows. The top window, titled "ModuleLauncher", has a green user icon and fields for "admin" and a masked password, with buttons for "Login", "New User", and "Update User". The bottom window, titled "AddUserView", shows the "Add User" form with fields for "Full Name" (New User), "Password" (masked), and "Username" (testuser). It also includes radio buttons for "User ID" (Cashier, Customer, Manager, Admin) and an "Add User" button.

The image shows two overlapping Java Swing windows. The top window, titled "ModuleLauncher", features a green silhouette of a person with a briefcase, a text field containing "admin", a password field with masked characters, and buttons for "Login", "New User", and "Update User". The bottom window, titled "UpdateUserView", displays the logged-in user as "admin" and provides fields for "Full Name" (David Hill), "Password" (masked), and "Username" (david). It also includes radio buttons for selecting a "User ID" (Cashier, Customer, Manager, Admin) and an "Update User" button.

The image displays three overlapping windows from a software application:

- ModuleLauncher**: A window on the left with a green icon of a person with a briefcase. It contains a text field with "adam", a "Login" button, a "New User" button, and an "Update User" button.
- UpdateUserView**: A central window titled "Store Management System". It features a 2x2 grid of buttons with green icons: "Add Product" (person with briefcase), "Update Product" (person with briefcase), "Add Customer" (person with headset), and "Update Customer" (person with headset). Below the grid are "Local Mode" (selected) and "Remote Mode" radio buttons.
- AddProductView**: A window on the right titled "Add Product". It includes an "IMAGE PLACEHOLDER" with the text "Your product image goes here". To the right are input fields for "Name", "Description", "Price", and "Quantity", followed by an "Add Product" button.
